One day, one day I was walkin' along
Well I heard a voice but I saw no one
The voice I heard it sound so sweet
Came down from my head to the sole of my feet

I said get away
Get away
Get away

Just a few more risings and the setting of the sun
All my battles will be fought and the victory won
All the friends that I used to love so dear
Well they've gone on to Glory and left me down here

You know my feet get cold, eyes are shut,
My body's been chilled by the hand of death.
My tongue is glued to the roof of my mouth,
My hands lay folded across my breast,
You don't have to worry about the way I felt,
God Almighty done told me He'll be right there
To lift me up on the wings of Love,
Carry my soul to the heaven above.
They tell me Jordan is deep and wide,
But I promise mother I'll see her on the other side
